Op-d-Op Mk1

Op-d-Op Face Shields have a great reputation for effective defence against facial injury.

They are popular for their comfort, durability and quality with the benefit of excellent spare lens availability.

The original and still the most popular Op-d-Op shield!

- Lightweight, easy to use, can be worn over glasses
- Universal size
- Excellent clarity through the unbreakable polycarbonate shield which is easily renewable when required
- Anti-fog system

Op-d-Op Mk1:
